No matter how a fellow turns
The Trusts are on his track;
They swat him when he's going
And they swat him coming back.

Will find on reaching warmer climes

COLORED COMMENCEMENT

Exercises at the Opera-House Last Night Well Attended

The Opera-house was well filled last night with parents, patrons, friends and citizens generally to witness the commencement exercises of the Colored High School.

The program was varied and interesting and artistic as well, and a keen appreciation of the success of teachers and pupils was evidenced by the large audience.

There were but two graduates this year, Misses Alberta Carlisle and Olita M. B. Lewis. Each contributed an essay, displaying careful thought and study in preparation and genius in the portrayal. The subject of Miss Carlisle was "A Look Ahead," while Miss Lewis chose for her theme, "Praise, Not Censure." Each was the recipient of generous applause and many floral gifts.

The musical numbers were splendidly rendered, the accompaniments being under the skillful guidance of Prof. C. M. Reynolds, the worthy and accomplished Principal of the school. Prof. Reynolds has been zealous and untiring in his efforts to elevate his school to a high standard.

The diplomas were presented by Hon. J. M. Nesbitt, President of the Board of Education. A goodly number of the Board were present, as well as the members of the Colored Advisory Committee.

The address was delivered by Dr. W. H. Ballard of Lexington, and contained sound and wholesome advice and instruction.

MAYSVILLE—ON THE OHIO, nestling in a valley as picturesque as the most favored of the Hudson or the Rhine, is an ideal spot for those who desire a home in the midst of scenic beauty unsurpassed in all the world.

It is the capital of Mason county, located in the famous Bluegrass Region, where the farms are highly productive of all the staples, while it is the home of the celebrated White Burley Tobacco, and the center of the District which alone produces it. The city has right now a population of 10,000, and the number is increasing every day. There are good schools, public and private; Churches of all denominations; the finest system of water-works in the United States—with three active distilleries to forestall a possible famine. We have an electric street railway, gas and electric lights; manufacturing industries so diversified that "dull times" have comparatively little effect; telegraphic and telephonic service to all points,—and more to come.

There are two daily passenger trains each way between New York and Honolulu, and five each way daily between the city and Cincinnati over the Chesapeake and Ohio Railway, and four daily trains each way over the L. and N. to and from all points in Central Kentucky—so if you don't like the old town after a fair trial there are ample facilities to get away. There are Lodges of all sorts of Masons and Oddfellows, big fellows and little fellows, Redmen, Knights of Pythias, P. O. S. A.'s, Junior Order, Macabees, Eagles, Buffaloes, Elks, Knights of St. John, Grand Army Boys, Confederate Veterans, Sons of Rest, with two members of the Legislature—and if you want any others we'll get 'em. We have two daily newspapers, a free public library with accomplished lady librarians,—and as a further means of disseminating news there are innumerable sewing circles and card clubs among the Church members. These embrace a few of Maysville's present attractions; others will be added during the current summer, notably Home-Coming Week, the Fourth of July and brick streets.

If you like the prospect, Come and live with us; we will do you good—say the "do" softly, please!

Now, just watch Maysville grow!

AND JIM HARGIS is still a high priest in the Democratic temple!—*Courier-Journal*.

Sure, Mike; quite sure!

WHEN you get to Maysville next Wednesday, don't stop to ring the bell; just walk right in and help yo'self!

THE Government authorities, as well as the Campbell County Grand Jury, are going after the Chesapeake and Ohio Railway Company. Bull-headed employees have been blocking the streets with freight trains, stopping the United States Mails, streetcars, and traffic of all kinds. Here lately, for some reason or other, some of the management of the C. and O. has taken up the notion that it owns the Earth.

"THE Beef Trust has itself alone to blame for the storm which has arisen over recent developments, official and unofficial," says The Cincinnati Commercial Tribune. That's fortunate; for it's about the only thing on earth that has sufficient "gall" to shoulder such an unsavory responsibility.

THE Court of Appeals has handed down a decision that water-works and lighting plants owned and operated by cities of the state, and bonds held for public purposes, are not subject to taxation. If fool Kentucky Legislatures would exercise an ounce of common sense, there'd be no use bothering Courts with such matters. Whenever the Government levies a tax, it never levies it against a "taxing corporation." That is, a municipal corporation—the city of Maysville—has through its Board of Councilmen the right to levy taxes; hence, the Government never exacts a tax from the city of Maysville, nor does it require a revenue stamp on any checks, notes, bonds or whatever papers used in carrying on the municipality.

THERE'S trouble for the laws and law-makers of Ohio. Suit has been filed by Attorneys of the liquor interests to set aside the Aikin Act, imposing an increased tax on saloons.

According to the official report of the work accomplished by the last Legislature every act recorded after March 17th does not contain the signature of Governor PATTISON.

Instead of that signature, each of the Acts passed after that date bears the following certificate—

"This bill was presented to the Governor (the date indicated) and was not signed or returned to the House (or Senate) wherein it originated within ten days after being so presented, exclusive of Sundays and the day said bill was presented, and was filed in the office of the Secretary of State. (Signed) LEWIS B. HOUCK, "Secretary to the Governor."

If the contention of counsel for the liquor interests stands, the result will be an annulment of almost two-thirds of the bills passed by the last Legislature.

'Squire John W. Boyer's Court will begin Monday at his office in the Fourth Ward at 10 o'clock.

"Since the close of the three weeks' meeting in May, in which the Rev. L. O. Spencer was assisted by the Rev. J. M. Evans, there have been twelve more additions, making twenty-eight in all, as a result of the services. Mr. Spencer says of Mr. Evans: 'It is refreshing to see that Mr. Evans retains so much of the vigor and energy that characterized his work twenty-five years ago. He has had a wide and varied experience in evangelistic work, and his almost inexhaustible fund of personal reminiscence and illustration is used with impressive effect in his preaching. God seems to be with his servant in special power to make his last days his best days. His preaching and personal work are permeated with the consciousness that in the ordinary course of nature he will not have many more years to labor, and his zealous consecration to the Master's cause quickly impresses his hearers.'"
